West Bengal – 700124 , India

EDUCATION

Brainware University

Bachelor of Technology – Computer Science and Engineering (AI&ML)

Average SGPA (till 7th Semester) - 7.30 Out of 10

Barasat, West Bengal, India

2023 – 2026 (Expected)

Bishnupur Public Institute Of Engineering

Diploma (Polytechnic) – Computer Science and Engineering

SGPA: 8.9 Out of 10 , Percentage: 83.1

Bishnupur, West Bengal, India

2020 – 2023

INTERNSHIP

DataSpace Academy

CCNA & Python Programming

July' 2022

- Gained practical exposure to network configuration, routing basics, and Python-based . scripting for automation and development.

PROJECT

Healthcare In AI

[\[REPO LINK\]](#)

[\[WEBSITE\]](#)

Sept'25 – Dec'25

- Developed an AI-powered healthcare web application with multimodal AI chatbot (text, voice, image) for medicine information retrieval, symptom-based assistance, and online doctor appointment scheduling.
- Integrated Google Gemini API for natural language processing (NLP), context-aware responses, and AI-driven medical assistance.
- Designed a scalable full-stack architecture with secure RESTful APIs, role-based access, and optimized MongoDB queries for high performance.
- Tech Stack: React.js, JavaScript (ES6), MongoDB, Google Gemini API, RESTful APIs, JWT Authentication

Jarvis – Voice Controlled Assistant

[\[REPO LINK\]](#)

Jun'24 – Sept'24

- Built an AI-powered voice-controlled virtual assistant to automate system operations and web applications using speech recognition and command parsing.
- Automated social media and messaging workflows (WhatsApp, Instagram, Facebook) 90% accurate.
- Enabled real-time voice command processing using speech-to-text APIs, Python automation scripts, and third-party API integrations.
- Tech Stack: Python, JavaScript, Firebase, Speech Recognition APIs, Google Gemini API, REST APIs, React.js, CSS

eBook Commerce Platform

[\[REPO LINK\]](#)

[\[WEBSITE\]](#)

Nov'24–Dec'24

- Developed a full-stack eCommerce platform enabling users to buy, sell, and read digital books, with secure payment-ready architecture.
- Implemented secure user authentication, authorization workflows, and dynamic content rendering .
- Optimized database queries and frontend performance to ensure scalability, responsiveness, and fast load times.
- Tech Stack: React.js, JavaScript, MongoDB

SKILLS

- Programming Languages: Python, C, SQL, JS, HTML, CSS, React,
- AI/ML & Data Science: OpenCV, Mchine Learning
- Frameworks & Libraries: Flask, RESTAPIs, API Integration
- Other Tools: Virtual Machines, Git, Github
- SoftSkills: Problem Solver, Research & Analysis, Team Leadership & Management, Effective Communication

CERTIFICATIONS

- Euphoria GenX-Industrial Training 2025
- Python 3.4.3 , C , CPP Training – Spoken Tutorial Project, IIT Bombay, 2025
- 8 – week CEH Training & Certification

ADDITIONAL INFORMATION : Solved 50+ problems on [LeetCode](#)
